Dear Santa,

Stamping is something I love to do
So I'm making a list just for you.
Pick one, two, or maybe three
Supplies and& stamps just for me.

Clothes are nice, and perfume too;
But when it comes to craft, let's face it, you don't have a clue!
And going shopping is not something you want to do……..……
So save yourself the time you'd spend wrapping my gift
And get Ros to do it by ordering by December the 10th!

I've been extra special and nice this year
So, I'd really love some stamping gear.
Just contact Ros to order from my list.
I really hope you are getting the gist!

When the goodies arrive at her house for me,
She'll wrap them up, pretty as can be.
All you'll have to do is slip them under our tree.

Avoid all the traffic and car park ramps.
Just sit back, relax...
and PLEASE order me STAMPS!!

Love,

Call before December 10th to guarantee Christmas delivery
Later orders accepted but cannot guarantee delivery.
